

Company Profile:

Expo Over Seas Shipping & Customs Clearance

About Us Expo overseas has extensive experience in the field of shipping, freight forwarding, logistics and customs' clearance. We offer a comprehensive range of services for companies and businesses aimed at helping them reach their business goals. We provide an extensive and complete set of complex services at the highest level of quality and at competitive pricing. More than 8 years of experience

We always strive to provide the best shipping and international freight forwarding solutions based on the clients' wishes regardless of the freight's size, effort needed, quality or cost. We can carry out any shipping or freight procedure ensuring our clients have the utmost flexibility as well as gaining from our expertise and experience.

Services we provide:

01 – Sea freight transport (import & export) from and to all countries worldwide including logistics

02 – Air freight transport

03 – Land freight transport

04 – Customs Clearance

Our Services

- International Sea freight transport: We pride ourselves in providing competitively priced, tailored solutions to our customers, with detailed schedules and transit times. We guarantee our clients a team of experts who are able to process cargo and freight of any size.

- International Air Freight transport: we provide worldwide import services through air forwarding, using the fastest and quickest methods possible while maintaining competitive pricing. - Land

freight transport: we offer land freight transport from neighboring countries: Dubai, Saudi Arabia, Qatar, Egypt and Jordan.

- Door-to-Door: We are able to deliver the required goods, using the fastest routes and while ensuring competitive prices, whenever and wherever it is required.

Pre-import Consultation:

We provide customs related consultation- along with the necessary documents

- to facilitate import and export procedures. Prior knowledge of these procedures prevents mistakes and minimizes costs.

- Customs Clearance: we strive to be the first choice amongst importers by providing our services efficiently and with precision, handling all customs clearance issues while remaining competitively priced, minimizing costs for our customers, in addition to our vast experience dealing with the relevant parties.

- Logistics: We take care of all logistic services (minimizing costs and time), always on the lookout for new and inventive methods. In addition, we provide storage in all forms: dry goods, refrigerated and shaded.

Emphasis on continuous business relationships We are committed to exceeding our clients' expectations which is part of our core values allowing us to expand our operations steadily. As such, we work tirelessly to develop tailored solutions for our clients to meet their every need. A Team of experienced professionals With decades of experience in the fields of shipping, freight transport and logistics; we continue to strive daily to exceed our clients' expectations through our comprehensive range of services in our specialized markets and areas of expertise. Since founding the company, we have successfully provided services to several companies and businesses.

Our Commitment We are committed to operational excellence through continuous innovation to provide the highest quality and

most advanced solutions Our Values - Professionalism: is the main factor when providing our varied services. - Accountability: we are committed to serve our clients as best we can and to provide the best results. - Distinction: our committed team continuously strives to reach the highest standards in the services we provide - Progress: we always strive to provide our services through the latest available technologies so that our customers can gain faster and more flexible results. - Awareness: we recognize that mutual respect, trust and honesty are important factors to achieving continuous success.
